Our Program

Each year our program is different; the departmental hosts, qualifications on offer and number of traineeships on offer changes.

The City has successfully run its traineeship program offering experiences in a variety of industries such as;

- South West Sport Centre (Business)
- Economic Development and Lands (Business)
- Information Communication and Technology (ICT)
- Works and Services Administration (Business)
- Bunbury Wildlife Park (Captive Animal Management)

Information Evening

Each year we aim to add some variety to our portfolio of traineeships. New qualifications on offer include Arts Administration, Warehousing and Community Services.

We have an annual information evening for prospective trainees generally held in November. Keep an eye out on our Facebook Page for event details.

Testimonials from our past trainees.....

Cassidy McGuire (Economic Development Officer)

My traineeship with the City of Bunbury was an extremely rewarding experience that I will always value. I was given the ability to learn in a supportive environment and acquired skills and knowledge that have been extremely beneficial for my career progression. Working for the City of Bunbury gave me the opportunity to make a positive contribution to my community, which I will always be grateful for.

Corey Weir (Trainee Information Communication and Technology)

My experience as a trainee at the City of Bunbury has been nothing but positive, and I've found the team to be no less than amazing. The opportunity to both apply and expand upon my pre-existing knowledge has been fantastic; and the new skills I have been able to learn will provide great benefit to me later on in my career, and in life in general. The traineeship offers an opportunity to get real workplace experience whilst studying—the combination of which truly expedites the rate at which you can accumulate knowledge, at least in my experience. All in all, the great people and combination of both workplace and formal learning has made the traineeship a very beneficial and worthwhile experience for me.

Grace Stubbs (Finance and Administration Officer SWSC)
