Summary

Following a request for agenda items, Youth Advisory Council Committee member Sean Van Den Wielen has raised the Political Participation Program (PolPart) for review by the Committee.

Executive Recommendation

That the Youth Advisory Council Committee endorse the proposal subject to the following:

- (a) no party political content, agendas, advocacy or promotion;
- (b) approval to undertake this by the Electoral Commission; and
- (c) Electoral Commission material only being distributed.

Strategic Relevance

Theme 1 Our community and culture
Goal A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment.
Objective 1.6: A community that provides for the particular needs of the young and the old.

Background

Youth Advisory Council Committee members Sean Van Den Wielen and Nat Njeri are proposing to start a program in local high schools to educate the youth of Bunbury about the Australian voting process and obligations, encourage enrolment and to encourage active citizenship.

The following information was provided by Sean:

About

Voting in Federal and State elections is compulsory in Australia. Despite this, the enrolment rate for those aged between 18 and 24 is 86.9% (March 2018, AEC), at least 9% below the national average of 96.3% (December 2017, AEC). Pre-enrolling (enrolling before 18) in particular is extremely low, with only 159 people in the electorate of Forrest pre-enrolled (March 2018, AEC). This program will seek to increase the number of Year 11 and 12 students either enrolled or pre-enrolled.

It will also seek to address the problem of informal voting. 5.85% of all votes in the electorate of Forrest were informal in the 2016 Federal Election. In most areas of the City of Bunbury, the informal vote was higher at around 7.5%. The program will seek to teach Year 11 and 12 students to formally vote at a federal, state and local level.

Target Audience

The target of the program will be Year 11 and 12 students at high schools in the Bunbury, with a particular focus on those enrolled in public high schools.

How

The program will be conducted by attending high schools and making presentations. This will be followed by going to a computer lab to enroll the students to vote and/or handing out paper enrolment forms. There may also be the opportunity for a Question and Answer session with a local elected member if available.

Council Policy Compliance

There is no council policy applicable to this report.
