Stephanie Addison-Brown	Director Corporate and Community Services

Support Staff:

Name	Title
Ryan Campbell	Community Partnerships Officer Disability and Seniors
Ms Liz Allan	Executive Research and Project Officer

1. Declaration of Opening

2. Disclaimer

Not applicable to this committee.

3. Announcements from the Presiding Member

4. Attendances

4.1 Apologies

4.2 Approved Leave of Absence

5. Declaration of Interest

IMPORTANT: Committee members to complete a “Disclosure of Interest” form for each item on the agenda in which they wish to disclose a financial/proximity/impartiality interest. They should give the form to the Presiding Member before the meeting commences. After the meeting, the form is to be forwarded to the Administration Services Section for inclusion in the Corporate Financial Disclosures Register.

6. Public Question Time

7. Confirmation of Minutes

The Minutes of the meeting of the Disability Access and Inclusion Committee Meeting held 7 September 2018 have been circulated.

Recommendation

That the Minutes of the Disability Access and Inclusion Committee Meeting held 7 September 2018 be confirmed as a true and correct record.

8. Petitions, Presentations and Deputations

8.1 Petitions

Nil

8.2 Presentations

8.3 Deputations

9. Method of Dealing with Agenda Business

Items are dealt with in the order that they appear.

10. Reports

10.1 Endorse revised Access and Inclusion Policy

Applicant/Proponent:	Internal
Responsible Officer:	Ryan Campbell, Community Partnerships Officer Disability and Seniors
Responsible Manager:	Isabell Evans, Manager People & Place
Executive:	Stephanie Addison-Brown, Director Corporate and Community Services
Authority/Discretion	<input type="checkbox"/> Advocacy <input checked="" type="checkbox"/> Review <input type="checkbox"/> Executive/Strategic <input type="checkbox"/> Quasi-Judicial <input type="checkbox"/> Legislative <input type="checkbox"/> Information Purposes
Attachments:	Appendix 1: Draft Council Policy: Access and Inclusion

Summary

The attached updated Council Policy: Access and Inclusion, was recently completed as part of Council’s biannual review schedule. The City is seeking DAIC endorsement of the revised Access and Inclusion Policy.

Executive Recommendation

That the Disability Access and Inclusion Committee endorse the revised *Council Policy: Access and Inclusion* for referral to the Policy Review and Development Committee.

Strategic Relevance

Theme 1: Our community and culture
Goal: A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment
Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

Background

The Council Policy: Access and Inclusion is due for review as part of the Council's biannual review schedule. An internal review was completed and significant amendments were made in order to be more specific and clear in the City's approach to access and inclusion which includes an emphasis on striving for best practice rather than just meeting compliance.

Council Policy Compliance

The DAIC operates under the Councils Code of Conduct

Legislative Compliance

Disability Services Act 1993 (amended 2004)
Local Government Act 1995

Officer Comments

This review has provided a good opportunity to highlight the City's recent successes and focus on the new direction the City is going in achieving success in access and inclusion through the MARCIA research report.

10.2 Draft City of Bunbury Disability Access Standards for Buildings and Facilities

Applicant/Proponent:	Internal
Responsible Officer:	Ryan Campbell, Community Partnerships Officer Disability and Seniors
Responsible Manager:	Isabell Evans, Manager People & Place
Executive:	Stephanie Addison-Brown, Director Corporate and Community Services
Authority/Discretion	<input type="checkbox"/> Advocacy <input type="checkbox"/> Review <input checked="" type="checkbox"/> Executive/Strategic <input type="checkbox"/> Quasi-Judicial <input type="checkbox"/> Legislative <input type="checkbox"/> Information Purposes
Attachments:	Appendix 2: Draft Disability Access Standards

Summary

The Draft City of Bunbury Disability Access Standards (“Standards”) were recently completed in order to provide a set of guidelines to assist the City in meeting its MARCIA goal. These Standards correlate to *Recommendation 3: Improve benchmarks, checklists and accountability for inclusive design.*

Executive Recommendation

That the Disability Access and Inclusion Committee endorse the Draft City of Bunbury Disability Access Standards.

Strategic Relevance

Theme 1: Our community and culture
Goal: A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment
Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

Background

The Standards were developed in response to the findings of the MARCIA PhD research project which found that many elements of the current Disability (Access to Premises – Buildings) Standards 2010 were insufficient in meeting the access requirements of community members with a disability.

These Standards have been adapted from the Institute of Access Training Australia's *preferred requirements* outlined in their access audit checklists as well as feedback from members of the MARCIA research group and the City's Disability Access and Inclusion Reference Group. These Standards are to be applied to all City of Bunbury buildings and facilities in addition to the Disability (Access to Premises – Buildings) Standards 2010. For elements of buildings, facilities and open spaces not addressed in these Standards the current Disability (Access to Premises – Buildings) Standards 2010 are to be applied.

Council Policy Compliance

The DAIC operates under the Councils Code of Conduct.

Legislative Compliance

Disability Services Act 1993 (amended 2004)
Local Government Act 1995

Officer Comments

Along with the Co-design Panel these Standards will be key in assuring that all future City projects will be designed and constructed utilising best practice methods in access and inclusion.

These Standards were compiled by the Community Partnerships Officer, Disability and Seniors in consultation with the Manager People & Place, Manager Facilities and the Manager Engineering.

10.3 Socially Inclusive Communities WA project

Applicant/Proponent:	Internal
Responsible Officer:	Ryan Campbell, Community Partnerships Officer Disability and Seniors
Responsible Manager:	Isabell Evans, Manager People & Place
Executive:	Stephanie Addison-Brown, Director Corporate and Community Services
Authority/Discretion	<input type="checkbox"/> Advocacy <input type="checkbox"/> Review <input type="checkbox"/> Executive/Strategic <input type="checkbox"/> Quasi-Judicial <input type="checkbox"/> Legislative <input checked="" type="checkbox"/> Information Purposes
Attachments:	Nil

Summary

In August the City were notified by Inclusion Solutions WA that they were successful with their Expression of Interest to part of the Socially Inclusive Communities WA (SICWA) project which they will be running across the State in partnership with five metro and three regional local governments. Inclusion Solutions will be working alongside the City with local community and sporting clubs to mentor and provide training in order to build their capacity in being more inclusive and attracting participation from marginalised groups in the community. The project will run for 12 months ending in October 2019.

Executive Recommendation

That the Disability Access and Inclusion Committee receive the information in this report.

Strategic Relevance

Theme 1: Our community and culture
 Goal: A safe, healthy and cohesive community, with a rich
 cultural life, and supportive social environment

Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

Background

In August Inclusion Solutions WA put out an EOI to all local governments in WA to be part of the SICWA project.

The SICWA project is a significantly underwritten project through the Information Linkages and Capacity grant provided by Department of Communities with successful recipients required to contribute \$3,200 plus GST. The aim of the *Socially Inclusive Communities* Initiative is to provide LGAs and their communities the opportunity to develop and implement inclusive practices. This project aims to increase skills and knowledge while promoting sustainability beyond the funded period.

The City's Community Partnership Officer Disability and Seniors, the Senior Community Relations & Partnerships Officer and Club Development Officer had an initial meeting with SICWA Project Coordinator Adam Nankin to identify community strengths and needs. Officers have commenced the process in identifying interested clubs through an EOI process and from there will be identifying appropriate training and starting the mentoring and capacity building process that will occur over the next 12 months.

Council Policy Compliance

The DAIC operates under the Councils Code of Conduct

Legislative Compliance

Disability Services Act 1993 (amended 2004)

Local Government Act 1995

Officer Comments

This project is great opportunity to reach out to mainstream community and sporting clubs to educate and promote inclusion and will assist the City in achieving many of its DAIP and MARCIA objectives. The process will provide skills and knowledge to relevant officer who can then continue working alongside community groups around being more inclusive into the future.

Analysis of Financial and Budget Implications

The cost of the project is \$3,200 + GST which will be funded through the City's DAIP budget.

10.4 Update and review of proposed accessible Stirling St Fishing platform

Applicant/Proponent:	Internal
Responsible Officer:	Ryan Campbell, Community Partnerships Officer Disability and Seniors
Responsible Manager:	Isabell Evans, Manager People & Place
Executive:	Stephanie Addison-Brown, Director Corporate and Community Services
Authority/Discretion	<input type="checkbox"/> Advocacy <input type="checkbox"/> Review <input type="checkbox"/> Executive/Strategic <input type="checkbox"/> Quasi-Judicial <input type="checkbox"/> Legislative <input checked="" type="checkbox"/> Information Purposes
Attachments:	Nil

Summary

At the Disability Access and Inclusion Reference Group meeting held 19 October 2018, the Manager Engineering and Civil Operations reported that there was a constructability issue with retrofitting a handrail to the Stirling St platform and suggested a kick rail. DAIRG member Paul D’Vorak stated that this would not be safe for wheelchair users. The only proposed solution to continue with the project would be to replace the entire platform which will be at a significant cost.

Executive Recommendation

The Disability Access and Inclusion Committee is asked to endorse one of the following recommendations.

Executive Recommendation 1

That the Disability Access and Inclusion Committee decide to forego the proposed upgrade of the Stirling Street Fishing Platform and consider other options for an accessible fishing spot.

Executive Recommendation 2

That the Disability Access and Inclusion Committee request the CEO:

1. To seek a quote for replacing the entire platform with one which will accommodate railing; and
2. Refer the matter back to the Disability Access and Inclusion Committee to assess priority against cost and explore funding options.

Strategic Relevance

Theme 1:	Our community and culture
Goal:	A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment
Objective 1.5:	Establish Bunbury as the Most Accessible Regional City in Australia by 2020

Background

The City's Disability Access and Inclusion Plan outlines strategies for making its beaches and associated beach activities inclusive for people with a disability. These are outlined in: *Strategy 2.7: Increase accessibility to Bunbury beaches and waterfronts*; and *Task 2.7.3: Explore suitable locations for accessible fishing jetties and pontoons*

In June, DAIC and DAIRG member Paul D'Vorak proposed that the Stirling St boat ramp be adapted to an accessible fishing platform by installing railing around the platform, upgrading the toilet block to be a standard UAT and providing a skillion roof to the north side of the toilet block along with seating. Paul also provided support letters from College Row, Enable South West and Activ Foundation who were supportive of the proposed project and indicated it would provide an opportunity for their clients to experience recreational fishing in Bunbury.

It was noted that in addition to the proposed Stirling St project there is a current City project that has some funds allocated to it to create an accessible fishing jetty as part of the construction of the new marina on Jetty Road. The DAIC and DAIRG decided that the Stirling St project would still be beneficial as the Jetty Rd project would be for more serious fishing whereas

Stirling St would provide a safe protected centrally located fishing spot. It was decided that in order to progress the project further the City would need a quote to then look at funding options.

When visiting the site to provide a quote the Manager Engineering identified a constructability issue with retrofitting railing to the existing platform and indicated that replacing the entire platform would be at a significant cost.

Council Policy Compliance

The DAIC operates under the Councils Code of Conduct.

Legislative Compliance

Disability Services Act 1993 (amended 2004)

Local Government Act 1995

Officer Comments

Being a coastal City, it is important that local residents and visitors with a disability have the same opportunity to access the beaches and associated activities as other people. The Jetty Rd accessible fishing jetty will provide a great opportunity for people with disability to participate in fishing. However the more spots available will increase options and choices for people with disability and their family members and carers. It is therefore important to take up as many opportunities to provide accessible fishing spots in Bunbury. However with limited funds, this needs to be balanced against other priorities such as upgrading existing City buildings and facilities in Bunbury.

Analysis of Financial and Budget Implications

The City has the annual DAIP budget of approx. \$22,000 and two more instalments of the MARCIA Project funds of \$100,000 for financial year 2019/20 and 2020/21.

Community Consultation

The DAIRG and DAIC have been kept updated as the proposed project has progressed

Councillor/Officer Consultation

The Manger City Facilities and Manger Engineering & Civil Operations have been consulted throughout the progress of the proposed project.

Applicant Consultation
