#### Summary

The City of Bunbury's Co-Design Access Panel (CoDAP) are actively working with the Department of Biodiversity, Conservation, and Attractions - Parks and Wildlife Service (DBCA) to co-design the development of Mangrove Cove public open space area. This report provides an update on the project.

#### Executive Recommendation

That the Disability Access and Inclusion Committee note the information presented in this report.

#### Strategic Relevance

Theme 1: Our community and culture  
Goal: A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment  
Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

#### Regional Impact Statement

Mangrove Cove is a Department of Biodiversity, Conservation, and Attractions - Parks and Wildlife Service owned site and presents an

opportunity to work alongside City facilities and infrastructure to create a connected, inclusive and inviting space for locals and tourists, particularly people living with a disability.

## **Background**

The City of Bunbury's Co-Design Access Panel (CoDAP) are actively working with the Department of Biodiversity, Conservation, and Attractions - Parks and Wildlife Service (DBCA) to co-design the development of Mangrove Cove public open space area.

Involvement of the City's CoDAP in this co-design project was advocated by the Minister for Environment; Disability Services; Electoral Affairs Hon. Stephen Dawson MLC and the Department of Biodiversity, Conservation and Attractions (DBCA) to make the Mangrove Cove Lookout Tower universally accessible in 2019.

Initially the CoDAP were presented with two concept designs with full costings to make the existing Mangrove Cove Tower more accessible, however the CoDAP committee advised the DBCA that their preference was to further develop the public open space around the tower to ensure that it is accessible and user friendly.

The DBCA met with CoDAP on 25 June 2020 to present a concept design for feedback as works are due to commence in December 2020.

## **Council Policy Compliance**

The DAIC operates under the Council's Code of Conduct.

The City's DAIP commitments are outlined in the Access and Inclusion Council Policy.

## **Legislative Compliance**

*Disability Services Act 1993 (amended 2004)*

*Local Government Act 1995*

## **Officer Comments**

Members of the CoDAP were very pleased with the designs presented and the high level of accessible play equipment and structures were welcomed. The connectivity and accessibility of the design from all angles was applauded with only minor suggestions around spacing in seating and some above standard suggestions for ramps.

The plans that were presented to the CoDAP on 25 June 2020 did not include the Mangrove Cove boardwalk as the funding for this will come later. It was noted that the CoDAP will be engaged for this aspect of the project once a timeline is set.

The DBCA are now in Stage 2 development of Mangrove Cove with concepts co-designed with CoDAP including: universal access toilets near the existing education pavilion; seating area; a central universal elevated accessway that ends over mangroves; nature play equipment that hangs off and under the ramp; and a playground (proposed to have a mangrove theme). The DBCA have noted they are not wanting to duplicate facilities that already exist in Bunbury.

### Summary

The City has rolled over MARCIA funds from 2019/20 to the 2020/21 financial year to enable the delivery of the BRAG ablutions as the top priority project.

### Executive Recommendation

That the Disability Access and Inclusion Committee note the information presented in this report.

### Strategic Relevance

Theme 1: Our community and culture  
Goal: A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment  
Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

### Regional Impact Statement

The MARCIA project and access audits provide guidance to the City in improving its key facilities and open spaces to ensure Bunbury is a welcoming, accessible and inclusive destination for visitors in the South West region.

## **Background**

The City annually undertakes access audits of its facilities and prepares a list of priority projects for improved accessibility and inclusion.

The priority projects for 2019/20 (**attached** at Appendix 1) highlighted the top project as the BRAG unisex accessible toilet installation, as determined through the City's access audits and in consultation with the Disability Access and Inclusion Reference Group (DAIRG) in 2019.

The MARCIA funding allocation of \$100,000 (PR-4112) was allocated to this identified priority project however project costings were approximately \$200,000 which was double the funding allocation. To ensure the delivery of this priority project the 2019/20 funds were rolled over for the 2020/21 financial year as the cumulative sum would cover the costs of the BRAG ablution project.

## **Council Policy Compliance**

The DAIC operates under the Council's Code of Conduct.

The City's DAIP commitments are outlined in the Access and Inclusion Council Policy.

## **Legislative Compliance**

*Disability Services Act 1993 (amended 2004)*

*Local Government Act 1995*

## **Officer Comments**

The project is currently in progress with works commencing in 2019/20 and there is approximately \$185,000 remaining in the MARCIA budget for this financial year to be used on the BRAG Unisex Accessible Toilet Installation.

The second priority project was recently completed with improved accessibility to BRAG's building entry.

### **Analysis of Financial and Budget Implications**

The \$100,000 MARCIA allocation in the City's budget (PR-4112) has been rolled over from 2019/20 to the 2020/21 financial year.

#### Summary

The Most Accessible Community in Western Australia (MACWA) Awards have been deferred until 2021 and will be advertised as having a two-year nomination period (2019-2021).

#### Executive Recommendation

That the Disability Access and Inclusion Committee note the information presented in this report.

#### Strategic Relevance

Theme 1: Our community and culture  
Goal: A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment  
Objective 1.5: Establish Bunbury as the Most Accessible Regional City in Australia by 2020

#### Regional Impact Statement

The MACWA Awards offer an opportunity to be recognised across the state for achieving excellence in access and inclusion.

## **Background**

The City of Bunbury worked in collaboration with the Regional Capitals Alliance WA to develop the Most Accessible Community in Western Australia (MACWA) Awards in 2018, which was inspired by the City's Most Accessible Regional City in Australia (MARCIA) initiative for the purpose of promoting MARCIA and improving access and inclusion across the state.

The awards have been delivered over the last two years with the City entering on both occasions in the Regional City/Capital category.

The Regional Capitals Alliance WA resolved at their April 2020 meeting to defer the 2020 awards to 2021 and to include a two-year nomination of projects from 2019 to 2021. The Alliance's discussion around this decision was based on the recognition of the pressure currently placed on local governments due to the impact of COVID-19 and the belief that it would be inappropriate to impose additional workloads at this time.

## **Council Policy Compliance**

The DAIC operates under the Council's Code of Conduct.

The City's DAIP commitments are outlined in the Access and Inclusion Council Policy.

## **Legislative Compliance**

*Disability Services Act 1993 (amended 2004)*

*Local Government Act 1995*

## **Officer Comments**

The MACWA Awards are an excellent opportunity for the City to showcase the developments and progression of access and inclusion. The City intends to make a submission in the 2021 awards.

The Regional Capitals Alliance WA noted that a feedback exercise was conducted at the completion of last year's Awards, resulting in the acknowledgement that the processes could be streamlined, and the

categories changed so that local governments could enter one or more at their own discretion.

### **12.1 Response to Previous Questions from Members taken on Notice**

#### **Cr Turner had requested the MARCIA Priority Projects**

The priority list determined for the 2019/20 financial year is **attached** at Appendix 1.

Due to a higher cost than anticipated for the BRAG Unisex Accessible Toilet Installation, with the quote returning at approximately \$200,000, at the February Budget Review Council endorsed carrying over the 2019/20 funds to 2020/21 to bring the total funds available to \$200,000 in order to cover the costs of this project.

This project is in progress with works having commenced in 2019/20. There is approximately \$185,000 remaining in the MARCIA budget for this financial year to be used on the BRAG Unisex Accessible Toilet Installation (PR-4112).
