#### Summary

This item is to update the new Heritage Advisory Committee (HAC) on the status of existing and new strategic planning (heritage) projects in the 2021/22 financial year.

#### Executive Recommendation

That the Heritage Advisory Committee note the information provided on the status of existing and new strategic planning (heritage) projects in the 2021/22 financial year.

#### Strategic Relevance

Theme 4: Our City  
 Goal: Civic leadership, partnerships and sound governance in delivering with and for the community.  
 Objective 4.2: A highly-engaged and involved community, working together on strategy development and implementation.

Theme 3: Our places and spaces  
 Goal: A natural and built environment that reflects Bunbury's core values.  
 Objective 3.3 High-quality urban design, well planned neighbourhoods with housing choice, and appropriate provision for diverse land uses to meet the community's needs.

#### Regional Impact Statement

Heritage is important for the community and has environmental, economic and social benefits as a resource for present and future generations. The City of Bunbury recognises the importance of identifying, assessing and managing heritage places within its local government area to align with contemporary community values.

#### Background

There are strategies, events and programs with which the HAC are affiliated. This item is designed to outline these, their current status and future direction. The post-election Heritage Advisory Committee (HAC) met for the first time in December 2019 with some new members joining the Committee.

It was thought timely to conduct a strategic planning workshop in February 2020 with the new Committee to revisit the terms of reference, current projects and any priorities. On completion of the workshop, the HAC members agreed on five priorities that were consistent with the terms of reference.

### **Council Policy Compliance**

There is no Council Policy associated with his report.

### **Legislative Compliance**

The following statutory planning instruments of the State Planning Framework and Local Planning Framework are applicable to the strategic priorities:

- The Burra Charter
- *Heritage Act 2018*
- *Planning and Development Act 2005*
- *Planning and Development (Local Planning Schemes) Regulations 2015*
- Relevant Local Planning Policies for Heritage
- State Planning Policy 3.5 Historic Heritage Conservation

### **Officer Comments**

#### HAC Priorities

The strategic planning workshop was held with HAC members after the closing of the February 2020 HAC meeting. It was facilitated by the Strategic Planning Officer (Heritage) with the Director Sustainable Communities and the consultant Heritage Advisor providing advice as required.

The workshop focused on the HAC Terms of Reference and projects that were currently addressed in the budget. On completion of the workshop, five priorities were identified by the HAC members and officers.

Current details and status are as follows:

<b>Priority Project</b>	<b>Summary</b>	<b>Timeframe</b>	<b>Current Budget</b>
1. Ocean Beach Heritage Trail	A heritage trail adjacent to the footpath predominantly along Ocean Drive. Scoping study and Noongar Art engagement completed 2020/21. Budget and project confirmed for 2021/22.	2021-22	\$30,000
2. Asset Management Prioritisation	The City has 10 Conservation Management Plans (CMPs) for City-owned heritage assets. A lot of the conservation works occur reactively due to lack of budget. A qualified professional is required to assess the CMPs, prioritise works across the heritage assets and assign costs. This would allow for budget preparation and a rollout of works from year to year. This has been identified as a priority in the draft Heritage Strategy.	2022-23	Nil - Requires a budget bid. Approx. \$15k

Priority Project	Summary	Timeframe	Current Budget
3. Street-by-street survey to inform Local Heritage Survey (MHI)	After the initial preparation of the Municipal Heritage Inventory, places have been added to the MHI by nomination only. This has resulted in adhoc listings. The budget will allow a street-by street assessment of the Tree Street Area and CBD.	2021-22	\$30,000
4. Policy development - Significant Tree Register and Heritage Conservation Notices	Under the <i>The Planning and Development (Local Planning Schemes) Regulations 2015</i> , local governments have the ability to issue tree preservation orders and heritage conservation notices. A public information sheet has been drafted and officers are awaiting release of a State model policy template. Will require a contemporary review of the draft tree listings.	2021-22	Will be completed inhouse
5. Incorporation of heritage into City-wide strategies	This has been identified in the draft Heritage Strategy. Officers are currently finalising the draft to prepare for public consultation.	Strategy reviews are ongoing	Expended

#### Local Government Election 16 October 2021

Spill of all Committees for election. Please note that all existing members will need to reapply.

#### Operational Projects

Projects include:

- State Heritage Awards 2021
- City of Bunbury Heritage Awards 2022
- Bunbury Heritage Forum (in line with the National Trust Heritage Festival 2022)
- Heritage Advisory Service
- Heritage Advisory Committee

#### **Analysis of Financial and Budget Implications**

The project for Asset Management Prioritisation has been identified in consultation and drafting of the Heritage Strategy as a priority. A recommended budget of at least \$15,000 will be recommended as part of Council budget deliberations for 2022/23.

#### **Community Consultation**

Not applicable.

#### **Councillor/Officer Consultation**

Councillor members were consulted through the Heritage Advisory Committee.

#### **Applicant Consultation**

#### 10.4 Proposed Carport at Lot 32 (#47A) Moore Street, Bunbury

<b>File Ref:</b>	DA/2021/143/1, P06585, COB/
<b>Applicant/Proponent:</b>	CPR Outdoor Centre on behalf of Graham and Amanda Machin
<b>Responsible Officer:</b>	Matilda Hodge, Planning Officer
<b>Responsible Manager:</b>	Felicity Anderson, Manager City Growth
<b>Executive:</b>	Gary Barbour, Director Sustainable Communities
<b>Authority/Discretion</b>	<input type="checkbox"/> Advocacy <input type="checkbox"/> Review <input type="checkbox"/> Executive/Strategic <input checked="" type="checkbox"/> Quasi-Judicial <input checked="" type="checkbox"/> Legislative <input type="checkbox"/> Information Purposes
<b>Attachments:</b>	Appendix 2: Location Plan Appendix 3: Development Plans Appendix 4: Site Photos

#### Summary

Development approval is sought for the construction of a carport at Lot 32 (#47A) Moore Street, Bunbury. The property is located within the East Bunbury Heritage Area. The carport is proposed to be setback 3m setback from the primary street and forward of the dwelling. The proposal is inconsistent with Local Planning Policy 6.1 Heritage Conservation and Development (LPP6.1) which precludes carports located within the front setback area unless there is no other alternative location.

As there is significant area available behind the street setback to suitably locate the carport, it is considered there is no planning justification to site the carport in the front setback area contrary to the LPP6.1. The applicant has been advised of alternative options but has requested the application be determined on the basis of the development plans lodged. It is therefore recommended that the proposed carport be refused on the basis of its scale and location.

#### Executive Recommendation

That the Heritage Advisory Committee recommends that Council:

1. In accordance with clause 68(2) of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and the City of Bunbury Local Planning Scheme No. 8 (LPS 8), resolves to refuse the development application for a carport at Lot 32 (#47A) Moore Street for the following reasons:
  - a. The proposed carport by reason of its location and scale, within the primary street setback area, is inconsistent with and would adversely impact the streetscape character of the locality as a heritage area.
  - b. The proposal is inconsistent with adopted Local Planning Policy 6.1: Heritage Conservation and Development in respect of the siting of a carport within the front setback area and does not meet the policy requirements or policy objectives for supporting the variation.

*Voting Requirement: Simple Majority*

### Strategic Relevance

Theme 1	Our community and culture
Goal	A safe, healthy and cohesive community, with a rich cultural life, and supportive social environment.
Objective 1.4	Arts, culture, heritage and events that enrich our understanding and enjoyment of life, celebrate our identity and bring the community together
Theme 3	Our places and spaces
Goal	A natural and built environment that reflects Bunbury’s core values
Objective 3.3	High-quality urban design, well-planned neighbourhoods with housing choice, and appropriate provision for diverse land uses to meet the community’s needs.

### Regional Impact Statement

Heritage is important for the community and has environmental, economic and social benefits as a resource for present and future generations. The City of Bunbury recognises the importance of identifying, assessing and managing heritage places within its local government area to align with contemporary community values.

### Background

The subject site is located within the ‘Residential Zone’. A locality plan is **attached** at Appendix 2. A summary table of details relating to the subject site are as follows:

Property Address:	Lot 32 (#47A) Moore Street, Bunbury
Zoning:	Residential – R15/40
Existing Land Use:	Single House
Lot Area:	598m <sup>2</sup>
Heritage	Located within the East Bunbury Heritage Area (moderate significance)

The property is abutted to the north by a residential dwelling and a 5m wide drainage reserve to the south. The proposed carport is setback 3m from the primary street and 12m forward of the existing dwelling, with a nil setback proposed from the southern lot boundary.

The subject site is located within the East Bunbury Heritage Area. The main planning consideration in the assessment of the proposed development is the impact of the carport on the streetscape and character of the heritage area.

Development plans and site photos are **attached** at Appendices 3 and 4.

### Legislative Compliance

The following legislation and statutory planning instruments of the state and local planning framework are applicable to the assessment of this application:

- Planning and Development Act 2005;
- Heritage Act 2018;
- Planning and Development (Local Planning Schemes) Regulations 2015;

- City of Bunbury Local Planning Scheme No.8 (LPS 8);
- State Planning Policy 7.3: Residential Design Codes Volume 1
- State Planning Policy 3.5: Historic Heritage Conservation
- Local Planning Policy 6.1: Heritage Conservation and Development

**Officer Comments**

State Planning Policy 7.3: Residential Design Codes Volume 1

The proposed carport complies with all R-Code requirements except for section 5.1.3 Lot boundary setback.

Residential Design Codes	Requirement	Proposed
Cl 5.1.3 – Lot Boundary Setback	Southern Boundary: 1m	Southern Boundary: Nil

The applicant proposes a variation to the required setback distance from the southern lot boundary. The variation was not advertised to neighbouring properties as the only property directly impacted is a drainage reserve under ownership of the City of Bunbury. Notwithstanding the heritage considerations, the proposed reduced setback distance to the side boundary is considered to satisfy the relevant Design Principles of the R-Codes.

State Planning Policy 3.5: Historic Heritage Conservation

Whilst not a State Registered Heritage Place, the heritage area is currently on the RHP Assessment Program. This policy sets out the principles of sound and responsible planning for the conservation and protection of Western Australia’s historic heritage. It aims to ensure development does not adversely affect the significance of heritage places and areas. Location and setting are key considerations in heritage areas and development should respond sympathetically and complement the heritage values of the area as detailed in the local planning policy. The proposed location of the carport does not comply with the objectives of this policy.

Local Planning Policy 6.1: Heritage Conservation and Development

The property is not listed on the City of Bunbury Municipal Inventory (now referred to as Local Heritage Survey), nor is it included in the Heritage List. The site however is located within a designated Heritage Area, which recognises the collective value of all buildings within the East Bunbury Heritage Area. LPP6.1 sets out guidance for the assessment of garages and carports. The policy sets out that garages and carports should be located behind the dwelling. Where this is not feasible, carports are not to be dominant features on the streetscape.

LPP6.1: Heritage Conservation & Development	Requirement	Proposed
5.5 Garages Carports and Outbuildings	Cl 5.1.1 – Garages or carports are constructed behind the front setback of the main building and comply with the following:  (a) Set back a minimum of distance of 1.0m behind the main building	Carport is setback 3m from the primary street and set forward

	setback; and (b) the width of the garage or carport is not greater than 6 metres or 35% of the frontage of the lot, whichever is the lesser.	12m of the dwelling.  Carport occupies 46% (6m) of the lot frontage.
--	---	--

The proposed carport does not comply with the above-mentioned requirements. Variations to LPP6.1 may be considered subject to demonstrating that the proposed development is in keeping with the intent and objectives of the policy, which includes:

- (a) *to ensure that development, including alterations and additions to existing buildings and the construction of new buildings, does not adversely impact on the cultural heritage values, significance and character of heritage places and designated heritage areas.*

Whilst it is acknowledged that the location of the dwelling precludes locating the carport behind the dwelling, there is sufficient space available to locate the carport behind the front setback area.

It is considered the proposed carport set significantly forward of the dwelling and its scale will dominate the streetscape and significantly impact upon the character of the heritage area, contrary to the objectives of LPP6.1.

The applicant has been advised that a 6m primary street setback consistent with the setback of the heritage dwelling to the north would be supported. The applicant advised they required the carport in the proposed location to provide a larger continuous lawn area. It is noted that prior to storm damage, there was a carport of similar dimensions setback 9m from the front boundary as shown in the Site Photos attached at Appendix 4.

It is acknowledged that the residential property to the South at Lot 14 (#49) Moore Street has an attached carport setback 2.6m from the primary street. This carport was recommended for refusal by both the assessing officer and the Heritage Advisory Committee in 2018, however was approved at approved by Council after the applicant cited examples outside of the Heritage Area of carports that were within the street setback area.

#### Heritage Advisor Comments

The application was referred to the City's Heritage Advisor, who provided the following comments:

*"We have assessed the proposal for the new carport to a non-contributory house on subdivided lot with contributory places adjacent. We note that this is a significant streetscape with consistent setbacks to left of proposed carport.*

*The proposed carport is not supported in its current location for the following reasons:*

- *The carport is set within the front setback area of the lot and is set in front of the prevailing streetscape setbacks.*
- *The carport location will have a negative impact on the significant heritage streetscape and on the Heritage Area.*

- *As per 5.5.2 – The proposed carport is not consistent with the policy:*
- *there are clear and viable alternatives for the location of a double carport on this lot*
- *The proposed carport does visually dominate the streetscape.*
- *The proposed carport does detract from the heritage character of the adjoining contributory buildings*

*It is noted that the carport on the adjoining lot (49 Moore St) was recommended for refusal.”*

### **Analysis of Financial and Budget Implications**

This application for development approval relates to private property, and therefore, the effect of the recommendation has no direct budgetary or financial implications for the City of Bunbury.

If the applicant is aggrieved by Council’s decision they may apply for a review of the decision through SAT. If the decision is forwarded to SAT for appeal, the City of Bunbury may incur legal costs.

### **Community Consultation**

The development application was advertised for public comment from 22 November to 6 December 2021. Public consultation measures involved a letter sent to the landowners and occupiers of 3 surrounding properties. Following consultation, no submissions of objection have been received to date.

### **Councillor/Officer Consultation**

The proposal has been referred to the City of Bunbury’s Development Coordination Unit (DCU) for professional advice and technical assessment prior to the finalisation of this report.

### **Applicant Consultation**

Officers have advised the applicant of alternative solutions for the siting of a carport that would comply with LPP6.1. Given the sufficient vacant area directly behind the proposed carport location, it is considered that the proposal could be readily modified to achieve the objectives of the policy.

The applicant has requested the application be determined based on the original development plans and information lodged. The applicant has been informed of the officer recommendation.

### **Timeline: Council Decision Implementation**

Should Council refuse the application, the applicant has the option to lodge an appeal within 28 days of the date of the decision to the State Administrative Tribunal.
