Contract for Koombana Bay landscaping design awarded

Stage One of the Bunbury Waterfront Project will soon be underway after Council last night awarded the landscaping design tender to specialist contracting company Cardno (WA) Pty Ltd.

A detailed design will be drawn up encompassing the area from 'The Plug' to the Dolphin Discovery Centre.

The redevelopment will improve and create social spaces along the foreshores while supporting the development of marine components.

It will also create an accessible and connected waterfront for residents, visitors and tourists to enjoy.

Mayor Gary Brennan said this important step brought the project closer to fruition.

"This is an exciting project and one that will transform the area into a significant tourist attraction as well as revitalise Koombana Bay foreshore area to be enjoyed by Bunbury and Greater Bunbury residents" Mr Brennan said.

"I think the community will be thrilled to see we have got the ball rolling on this project and like myself look forward to seeing the detailed design."
