Type of Development

- Single Dwelling
- Unit
- Commercial
- New Construction
- Renovation/Alteration
- Demolition

This form is a written application for a permit to carry out works in the road reserve and conforms with the City of Bunbury’s by-laws relating to the use and misuse of streets, kerbs and footpaths.

Applicant must take note of the City’s requirements dealing with Public Safety (see over)

Approval of this application is the City’s written permission to cross the kerb, verge or footpath.

Please show damage on above drawn picture or attach photo showing damage

Footpaths and Access-ways

- How many sections?
- How many sections damaged?
- How many cracks (including hairline)?

Road Reserve

- What is the condition of the road reserve

Kerbs

- How many sections?
- How many sections damaged?
- How many cracks (including hairlines)?
PUBLIC SAFETY REQUIREMENTS

Where a footpath is lifted or damaged, or a temporary crossing is provided, it must be made (and kept) safe for pedestrians by the applicant.

The applicant shall:

a) provide, grade and roll gravel or limestone to proved clear and dry passage

b) erect and maintain caution signs for the advice of the public

c) keep the works clear of all hazards and obstructions until the Engineering Service Division is advised that the works are complete and the footpath is to be re-instated

d) carry out any instructions given by the Engineering Services Division which specify corrections, or maintenance required at or about the crossing

e) accept responsibility for costs if the City is forced to take corrective action for the safety of the public
